

ANGEL EYES

(3% AHA Serum)

With this state-of-the-art eye firming serum, you'll realize the most radiant skin ever . . . by going to sleep. That's right, because this 3% AHA formula improves elasticity, smoothness, and reparation of lines literally overnight.

DESCRIPTION

This quick absorbing serum contains 3% natural Alpha Hydroxy Fruit Acids to work with your skin's natural renewal process. The result is healthier, young-looking skin. Angel Eyes helps improve the appearance of aging and sun-damaged skin with microsize liposomes containing anti-oxidants to counteract free radicals. These highly unstable elements caused by the environment, can effect the skin's support system. Angel Eyes begins working immediately to reveal a more youthful appearance by treating sensitive and mature skin. Your skin around the eye area will continue to look and feel younger because Angel Eyes improves elasticity and smoothness with Hyaluronate and Vitamins - promotes skin radiance - repairs overnight - boost skin's oxygen supply - and acts as a protective moisturizer barrier.

APPLICATION

Apply very carefully to wrinkle prone areas - especially around the eye area. Can be smoothed over entire face until absorbed.
